

## Wirecard CEE Integration Documentation

**Created: 2020-07-13 01:57**

# About this documentation

This document has been created by Wirecard CEE. Its contents may be changed without prior notice. External web links are provided for information only. Wirecard does not claim liability for access to and correctness of the referenced content.

## Target audience

This documentation is written for technical implementation experts (web designers and web developers) who are involved in developing and configuring online shops and integrating Wirecard products into their customers' online shops.

## Comments and questions

Should you notice any errors or ambiguities in this documentation or if you think there is any important information missing, please do not hesitate to let us know! We will process your comments without delay.

If you have any questions not covered by the content of this documentation, please contact our support teams.

## Exclusion of liability

Wirecard only accepts liability for the functions as described in this documentation and usage instructions for the company's own products. Any other changes to implementation or usage of the functions extending beyond this shall be regarded as not covered and not guaranteed, assuming Wirecard does not specifically grant relevant specific written permission.

## Copyright

The copyright to all information in this documentation is held by the relevant authors; trademarks are held by the relevant trademark owners.

The information contained in this document is intended only for the person or entity to which it is addressed and contains confidential and/or privileged material. Any review, retransmission,

dissemination or other use of, or taking of any action in reliance upon, this information by persons or entities other than the intended recipient is prohibited. If you received this in error, please contact Wirecard CEE and delete the material from any computer.

## **Trademarks**
